FOR SALE RY-

FRANK OWENS HARDWARE CO.

A settlement of the estate of the late senior partner of this firm is to be made in January. A necessity of the event is the reduction of stock to the minimum. It is to our interest to convert goods into each at the sacrifice of profit. It must be a clearance sale in the most comprehensive significance of the term—a sale in which neither cox, value nor loss get a numerity consideration. To reduce our immense shock is the only sim, the highest tope, the facel determination. No man or woman who knows the value of a toliar, who understands the programment of the control to the facel determination. The facel determination is a facel at the facel and the same predicts of the facel and the same predicts of the facel and the same predicts of the facel and on us, it's the only way to master all the facels.

In the center window we will exhibit one of the most attractive window displays of high-grade Waistings ever shown in any city of this country. The collection will comprise all the latest fabrics known to New York and Paris. On account of the very delicate nature of these goods we will only leave them on show for the above nights and day. Lovers of beauty should not miss this exhibit.

Most of the styles are exclusive, and should you want one or more of the Waist Patterns we will gladly reserve same for you until after the display.
